TWENTY-SEVENTH ANNUAL REPORT

..... OF THE

Board of Missions for Freedmen,

Of the Presbyterian Church in the United States
of America.

To the General Assembly of the Presbyterian Church,

From March 31st, 1891, to April 1st, 1892.

THE BOARD OF MISSIONS FOR FREEDMEN respectfully presents to the GENERAL ASSEMBLY its TWENTY-SEVENTH ANNUAL REPORT, and we are grateful to God that we can say it has been a year of decided success.

THE WORK OF THE YEAR.

We have sent to the field 371 missionaries, all colored but 85, and aided 300 churches and missions; maintained 80 parochial schools and 14 boarding schools of different grades. Our boarding schools, which are sustained by the funds of the Board, are as follows: Biddle University at Charlotte, N. C., with 9 professors and 203 students; Scotia Seminary at Concord, N. C., with 14 teachers and 258 students; Mary Allen Seminary at Crockett, Texas, with 14 teachers and 264 students; Brainerd Institute at Chester, S. C., with 11 teachers and 346 students; Ferguson Academy at Abbeville, S. C., with 5 teachers and 134 students; Albion Academy at Franklinton, N. C., with 5 teachers and 181 students; Immanuel School at Aiken, S. C., with 8 teachers and 204 students; Richard Allen Institute at Pine Bluff, Ark., with 7 teachers and 330 students; Cotton Plant Academy at Cotton Plant, Ark., with 6 teachers and 160 students; Haines' Industrial Institute at Augusta, Ga., with 10 teachers and 411 pupils; Monticello, Ark., with 3 teachers and 102 pupils; Oak Hill Industrial

BIDDLE UNIVERSITY.

School, Indian Territory, with 4 teachers and 89 pupils, and Ingle-side Academy at Amelia C. H., Va., with 8 teachers and 158 students—making a total of 3,044 students. In our 80 parochial schools there are 6,175 pupils, making a total in all our schools of 9,229 pupils. In addition to our day schools we have 276 Sunday Schools, with 18,221 scholars.

A new building has been completed for the girls' school at Burkeville, Va., at a cost of \$20,000, and will be ready for occupancy by the opening of the next term. An important addition has been made to Scotia Seminary by the erection of Faith Hall, which was dedicated March 17th last. The needs of the Seminary made the erection of this building an imperative necessity, and it was accomplished by the efforts of the ladies, especially of Cincinnati, Ohio. This building, finished and furnished, cost about \$21,000, and will add greatly to the efficiency of this prosperous Seminary.

Another important advance in our educational work has been the erection of a building for a boarding-school for girls at Jackson, Miss., which is near completion, and will be ready for use by the coming autumn. This school will be named the Mary Holmes Seminary, in memory of the mother of Miss Mary E. Holmes, through whose influence, and that of the ladies of Illinois, the building has been erected at a cost of \$16,000. This Seminary is our first foothold in the State of Mississippi, and through its influence we hope to make an entrance into other parts of this State which has such a large colored population.

During the year the Board has purchased valuable property in Richmond, Va., Asheville, N. C., and Little Rock, Ark., for church and school purposes. Those are important centres, which the Board thought should be occupied at once and the work prosecuted with vigor. A church has been organized in each of those cities in encouraging circumstances, and we have good reasons to believe an efficient and prosperous work will be accomplished in each of them.

Ten new churches have been organized in new fields and a number of new mission stations have been established. The following table shows the work more in detail :

Whole number of Teachers	211

There has been a marked religious interest in a number of our churches and schools, especially at Mary Allen and Scotia Seminaries, Pine Bluff, Ark., and the churches in Henry county, Va. As a result of this gracious work, a new church has been organized at Mary Allen Seminary ; twenty-nine united with the church at Scotia on profession of faith ; seventy-six with the churches in Henry county, Va., and thirty at Pine Bluff.

The work of the Women's department is especially encouraging. Its influence is awakening a deeper interest in the Freedwomen, who need so much womanly sympathy and help. The receipts through that department for the year were \$45,055.55. We would call special attention to the report of the Secretary, Mrs. C. E. Coulter, which is printed in full in the appendix of this report.

Our field Agent, Rev. H. N. Payne, D. D., who spends his whole time in the South, in his report to the Board, gives a most encouraging account of the work. He has visited most of the work in Georgia, the Carolinas, Virginia and Tennessee, attended the meetings of the two Synods and seven Presbyteries, traveled 10,675 miles, and preached 85 sermons and delivered 59 addresses. His supervision of the work on the field has been of great aid to the Board.

The total receipts of the Board for the year amount to \$172,567.47, total expenditures, \$171,760.90, showing balance of \$806.57.

At the beginning of the year we had a cash balance of \$7,770.80, with \$31,970.00 temporarily invested. We now owe the bank \$15,000.00, with \$26,340.00 temporarily invested, so that we have really expended during the year \$200,161.70.

Of the Board's receipts, \$85,318.80 came from churches and individuals, \$6,526.63 from Sabbath Schools, \$35,745.09 from Women's Societies. Comparing these figures with the report of last year we find an encouraging increase all along the line, but with the largest percentage of increase in receipts from Churches.

Studying the receipts with reference to Synods, we find a decrease in seven Synods; an increase in seventeen with the largest increase in receipts from the Synod of Illinois.

Of the Boards' expenditures about \$90,000 went to the payment of salaries of missionaries on the field, and about \$101,000 to general expenses on the field.

Of the \$90,000 expended for salaries on the field, about \$52,000 was for salaries of preachers, about \$7,000 for salaries of teachers in parochial schools, and about \$29,000 for salaries of teachers in our higher institutions. Of this last sum \$10,900 went to Biddle University, \$4,060 to Scotia Seminary, \$4,980 to Mary Allen Seminary, and the remainder in smaller sums to our other academies and boarding schools.

This, however, does not give a very definite report of expenses, for the Board also pays traveling expenses of teachers to the field, and in both Mary Allen and Scotia pays board of teachers, but, on the other hand, gets from both these institutions the proceeds of the musical department.

Of the money expended for general work on the field about \$9,629.56 was for scholarships, and the balance for building, furnishing, improving and purchasing property. Of the amount spent in erecting and furnishing new buildings about \$20,000 went to Burkeville, about \$20,000 to Scotia, and about \$15,000 to Mary Holmes Seminary.

This analysis is only given here in order to suggest a more careful examination of the Board's financial report.

The Board needs to spend more for building the coming year than has been spent in the year just closed, while the ability for self-support has not kept pace with the increased expenses of carrying on our enlarged work.

The Board records with sorrow the death of two of its missionaries during the year, Rev. T. A. Attles, colored, of Chester, S. C., a faithful preacher and teacher, and Mr. J. F. McBride, principal

INDUSTRIAL DEPARTMENT BIDDLE UNIVERSITY—SECTION OF SHOE SHOP.

of Oak Hill Industrial School in the Indian Territory, who was doing a most efficient work for the destitute Negroes of the Choctaw Nation. Cut down in the prime of life, the death of this good man is a serious loss to our work in the Territory.

AN ONWARD MOVEMENT.

It is gratifying to know that the church is beginning to comprehend this work as never before. Individuals and congregations, as they learn more of the condition of the Negroes in the South, their needs and capabilities, and the progress that has been made in their education and evangelization, are more truly realizing the obligations and possibilities of the work. The progress which the Negroes themselves have made, both in moral and material regards, is encouraging. If they should make as rapid progress in the next twenty-five years as they have in the past, a wonderful change would be observable in the South. Two and a half millions of them can now read and write; nearly two millions of their children are in school, while 18,000 educated colored persons are teaching school. They are publishing 154 newspapers and two magazines and, are paying taxes on \$264,000,000 worth of property. It should be remembered, however, that twenty-five years is not time enough to develop a race that has been in bondage for two hundred and sixty years. The race cannot yet stand alone. We have not yet got far enough from the era of slavery to abandon the Negro to his own struggles for culture, Christian development and true manhood. For very good reasons the Christian people of this country must provide, for years to come, a large proportion of the money to be used in educating and Christianizing of the Negroes of the South. Their public schools run only about three and a half months during the year, and at best many are inefficient and exercise little influence in the way of Christianizing the people, the teachers too often being ignorant and sometimes immoral. The Presbyterian Church has taken a prominent place among the Christian denominations that are laboring for the Christian education and development of the Freedmen, and she must maintain her place. Her zeal should not for a moment be abated, but rather she should make larger and more generous gifts for the work. From almost every section of the South come cries for schools, teachers and preachers. The time has come for a special onward movement. The Board was never so well prepared for its work as at the present time. With our churches, academies and schools now well in

SCOTTIA SEMINARY, CONCORD, N. C.

hand an onward movement could be made all along the line, and a greater work accomplished within the next five years than has been done in the last ten. This onward movement, however, means more money, more prayer, more earnest sympathy and help from the churches. In connection with this subject, and as especially bearing on it, the Board would call the attention of the Assembly to the following facts in regard to

DELINQUENT CHURCHES.

While the contributing constituency of the Board has increased in a very marked manner, especially during the last five years, it is sad to know that there are *3,022 churches that gave us nothing during the year. Of these churches 320 have a membership ranging from 100 to 200 each, and a total membership of over 40,000, while 166 of them have a membership of 200 and upwards, making a total membership of 60,427, an average of 364 members each. The 3,022 delinquent churches have a membership of a little over 200,000. *Two hundred thousand Presbyterians* who gave nothing to educate and Christianize a race of poor people in our own land, who are struggling to lift themselves and their children up from the degradation of a long and cruel bondage. This statement, let it be remembered, does not include many members in the contributing churches who gave nothing. Now, suppose those 200,000 delinquents had given us only five cents per month, we should have had \$120,000 additional in the treasury of the Board for the year. Had the 60,000 members in our 166 large and flourishing churches given us only 10 cents per month we should have had \$72,000, where we had nothing. Had the 200,000 members in the delinquent churches given us 10 cents per month we should have had \$240,000 additional for the year and for a vigorous onward movement. Think what a loss this sum has been to the cause of Christ, to our work among the Freedmen, and especially to the pastors and members of the churches that failed to give it, for "there is that scattereth, and yet increaseth; and there is that withholdeth more than is meet, but it tendeth to poverty. The liberal soul shall be made fat; and he that watereth shall be watered also himself. He that withholdeth corn, the people shall curse him, but blessing shall be upon the head of him that selleth it."

*These figures are taken from the Twenty-sixth Annual Report.

MARY ALLEN SEMINARY CROCKETT TEXAS.

THE NEGRO AND SELF-SUPPORT.

It is truly encouraging to note the progress the Freedmen have made towards self-support. From the very beginning of our work among them, it was the policy of the Board to impress upon them the importance of helping themselves. They were very much disposed, just after their emancipation, to depend upon outside help rather than upon themselves. They had their idea that the North, which they termed "God's country," possessed boundless wealth and that it would not be withheld from them. They were poor, very poor, indeed, but it was thought wise to teach them self-help and self-dependence from the start. From the aid which the Government afforded them at this time and the generous gifts from Christians in the North, there was danger of pauperizing and leading them away from self-dependence. During the time of slavery, of course, they were provided for by their owners and had no incentives to self-help, and nothing to teach them lessons of thrift and economy. To provide for themselves was a new experience to them, and to depend upon themselves was a lesson not easily learned by them. It was, therefore, important from the start to impress upon their minds the duty of self-support, even though at the cost of some self-denial on their part; that the gospel which we brought them taught that it was the duty of a man to provide for his own household. How they have responded to this teaching may, in some degree, be learned from the following facts: At the close of the first year of our work, 1866, they had given towards the support of their own churches and schools \$1,548.55. For the first ten years, ending 1875, their contributions amounted to \$67,077.80. For the next ten years, ending 1885, they amounted to \$131,631.48, very near double the sum given the previous decade. Up to date of the present decade (seven years), they have given \$417,908.02, having given last year \$43,847.33. If they give in the same proportion for the next three years, the close of third decade will find their contributions more than double those of the two preceding decades. These sums do not include any of their contributions to this or other Boards of the church, but only those given in support of their own churches and schools. Of course these increased contributions show a corresponding growth and extension of our work among the Freedmen. Their gifts last year averaged \$2.80 per each member of the church. In considering self-support among the Freedmen, their condition of deep poverty when emancipated,

GOOD WILL S. C.

should be remembered. Their freedom, dear and sweet as it was to a long-enslaved race, rendered them penniless, homeless and friendless, having absolutely nothing with which to begin their new life, not a foot of land, not a cabin, not a tool or farming utensil, only their muscles and their simple faith in God.

THE NEGRO AS AN EDUCATOR.

There is another line along which the Negro has developed his character to an encouraging degree, and which has proved a very important and interesting feature in our work, and that is as an educator. Twenty-five years ago there were many who thought the Negro could not take an education. This idea, however, was soon dissipated, as it was discovered that he took an education very readily and in some branches of study manifested marked ability. In the very outset of our work and as necessary to its complete success, it was felt that, if we expected to prosecute and build up a permanent work among the Freedmen, colored men should be educated and trained as preachers and teachers for the race. Not that white men and women were to be excluded from the work, but that colored men and women might be qualified to fill equally responsible positions along side of our white laborers. For this purpose a college, now known as Biddle University, was established at Charlotte, N. C., some twenty years ago, and in these years it has educated and trained a number of preachers and teachers who have done honor to their Alma Mater. Heretofore the college has been entirely under the control and direction of white professors, except one colored professor, who was appointed some years since, and whose services have proved entirely satisfactory both to the Trustees of the College and to this Board. Last year the Board felt that there should be a reorganization of the faculty of the college.

The Synods of Atlantic and Catawba, composed largely of colored men, though they did not express it in so many words, yet evidently felt that they should be recognized in the reorganization of the faculty. The Board also felt that this was due them. True, they were not experienced in the duties of professors in college, but how were they ever to gain such experience unless they were tried, and opportunities afforded them in this line? It was certainly expected that they should ultimately fill such positions along with their white brethren, and the time seemed to have come when they should be given the opportunity to at least try of what stuff they

SIL. ENG. CO. N.Y.

SWIFT MEMORIAL, TENN.

were made. The Board hesitated for a while, but the more the question was considered the more it was impressed upon the mind of the Board that the experiment should be made, and the doors opened to them. It was not, however, merely an experiment, for we had some knowledge of the capability of colored men in the management of some of our schools and seminaries. Beaufort Academy at Beaufort, S. C., was organized ten years ago and has, up to this time, been entirely under the management of colored men, and is one of our largest and most prosperous schools, having 560 pupils. So of Albion Academy at Franklinton, N. C., a branch of the State Colored Normal School; of Ferguson Academy at Abbeville, S. C., of Immanuel School at Aiken, S. C., all organized and carried on under colored principals and teachers and to-day are among our most successful schools. So, too, of Cotton Plant Academy, a boarding school for colored girls at Cotton Plant, Ark., Richard Allen Institute at Pine Bluff, Ark., and of Haines Industrial and Boarding School under Miss Lucy Laney at Augusta, Ga. All these and others we could mention have been and are now entirely under the management of colored teachers and are as successful as any schools of the kind in the South. And turning to the work of other denominations in the South we find 66 academies and high schools with colored principals and seven colleges presided over by seven colored presidents, three of whom were slaves. In view of these facts the Board felt that it could safely *nominate three additional colored men as professors in Biddle University, making four with the one previously elected, and retaining four white, thus securing, as we hoped, the co-operation of all the friends of the institution both white and colored. The white professors, however, for reasons satisfactory to themselves, resigned, though urged very earnestly by the Board to remain. Three other colored men were then nominated together with one white, Rev. Dr. Bissell, professor of Hebrew, a ripe scholar and a man who has the confidence of his brethren. The colored men selected as professors in the college are men of good scholarship, of high standing and having the entire confidence of both their colored and white brethren. Of course at this date we cannot judge of the success of our colored brethren as professors, and of the success of the college under their management as their first term has not yet closed. So far, however, they have given

* The Board at Pittsburgh *nominates* professors for the college, who must be confirmed by the Board of Trustees of the University before entering on their duties.

satisfaction both to the Board in Pittsburgh and the Board of Trustees of the college, and the success of the college has been as marked as any year in its previous history, and in the way of students more so, having enrolled 203 against 175 last year. Of course we expect mistakes to be made in the management of the college under this new and untried administration, but let us not be too ready to attribute their mistakes to incapacity because made by colored men. Mistakes are made in the best colleges manned and managed by white men. In opening the way for our colored brethren to take their stands among the educators of the day, the Board feels that it has not only placed before them the best motives to prove themselves workmen who need not be ashamed, but before the young men of the race the noblest incentive to seek for higher attainments in education and learning.

In closing this report the Board would emphasize the importance of still enlarging the work and extending it to regions not yet touched by any of our missionaries. It is very certain that the Presbyterian Church has not done her whole duty in evangelizing the Negroes of the South, and in commencing the work of another year, we would call the attention of the Assembly to the urgent need of larger and more general contributions to this cause from *all the churches*. To prosecute the work as it should be done, not less than *two hundred and fifty thousand dollars* will be required for the year.

We would also, through your venerable body, call the attention of the churches and benevolent individuals, especially those making bequests in their wills, to the importance of endowing some of our institutions. Biddle University, Mary Allen and Scotia Seminaries need to be endowed and thus put upon a permanent basis of usefulness for all time to come. These institutions are now supported entirely from the funds of the Board at a cost of about \$18,000 per annum. If this sum were released by endowments, it could be used to great advantage in extending our missionary work into new and destitute regions.

The above named institutions are permanently located and well equipped for work, and churches or individuals contributing towards their endowments may rest perfectly assured of the permanent usefulness of their gifts. With faith in God and confidence in His people, we take up hopefully the work of another year.

The term of service of the following members of the Board expire with the Assembly :

Rev. J. F. PATTERSON,
ROBT. C. TOTTEN,

Rev. GEO. T. PURVES,

ACTION OF THE GENERAL ASSEMBLY.

The Rev. Dr. R. R. Sutherland, Chairman of the Standing Committee on the Board of Missions for Freedmen, submitted the report on the work of the Board, and the following recommendations were adopted :

That the record of the Freedmen's Board for the past year be approved.

That the Board be advised to give still greater prominence to the primary and industrial education of colored youth.

That the Churches be asked to increase their contributions, so that the Board may have at least \$250,000 to prosecute its work during the coming year.

That the members of the Board whose term expires, viz: Rev. J. F. Patterson, Rev. George T. Purves, Robert C. Totten and S. P. Harbison, be re-elected, and that Charles H. Riggs be appointed in the place of John G. Stephenson, of the class of '92, and Wm. J. Scully in the place of E. A. Kitzmiller, of the class of '93.

MISSIONS AND MISSIONARIES

FOR THE YEAR ENDING MARCH 31, 1892.

All the Schools reported below are under the entire control of the Board. Teachers marked with S, received aid from the Slater fund; those marked †, receive partial aid from Public School fund; those marked ‡, receive their entire salary from Public School fund; and those marked ¶, receive their support from the tuition of the School. Ministers marked ** are teachers also.

APPENDIX.

Eighth Annual Report of the Freedmen's Department

—OF THE—

WOMAN'S EXECUTIVE COMMITTEE OF HOME MISSIONS.

In presenting the Eighth Annual Report of the Freedmen's Department of the Woman's Executive Committee of Home Missions, we would gratefully acknowledge that all the successes of the year are due to Him who has so graciously led us and made the way plain before us.

Our plan of working is very simple. We have local Home Mission Societies in which the actual work is done—Presbyterial Societies where work is planned, methods discussed and information disseminated—Synodical Societies where Presbyterial Reports are read, addresses made by workers from the field, or others specially interested, enthusiasm aroused, suggestions made and much done to unify the work. It is a part of our plans to have a Secretary for Freedmen in every Synodical and Presbyterial Society. Where they have been appointed the work has been greatly facilitated. We have now, as far as reported to us, seventy Presbyterial Secretaries for work among the Freedmen, whose duty it is to see that the claims of the Freedmen are brought before every auxilliary society in the Presbytery during the year. Where we have no Freedmen Secretary, the Presbyterial Secretary kindly takes charge of the work in addition to her other duties. The work has been greatly helped by the hearty sympathy and co-operation of the Woman's Executive Committee during the year.

The manner of working varies. Sometimes a Synodical Society decides to take a special object. To this the Presbyterian Societies loyally contribute without interfering with other work they have undertaken. For example: Burkeville has been the special object of the Pennsylvania Synodical Society for two years, and last year the societies of Indiana and Michigan each pledged \$1,000 for the same object. In October last Indiana pledged the money for a building for a Boys' Industrial School in the Indian Territory. Illinois is concentrating her efforts upon the Mary Holmes Memorial Building. It must not be supposed that societies with Synodical objects give only to that, nor, on the other hand, are gifts to these objects confined to those Synodical Societies. Burkeville has received many gifts outside of the States named, and many tributes have been sent from other States to the Mary Holmes Memorial Building.

Special objects usually awaken more interest and bring in larger results than general appeals. Consequently many Presbyterian and local societies apply to the Freedmen's Department for them. It is therefore necessary that the wants of the field should be well understood. This requires much correspondence with the workers. This is carried on with no intention of usurping authority or ignoring the supremacy of the Board, but to gain an accurate knowledge of the necessities of the field, so they may be presented more forcibly to societies and awaken a deeper interest. During the past year 1175 societies have contributed through the Woman's Executive Committee and thirty-two direct to the Treasurer of the Board.

In making this report it is to be understood that we have in no case acted independently of the Board, but always in accordance with their advice and with the approval of the Woman's Executive Committee of Home Missions. We cannot always measure the interest felt in our work by the amount of money contributed, but even judged by this standard we have reason to "thank God and take courage." We have received during the past year from the Treasurer of the Woman's Executive Committee, \$44,985.95; of this \$3,532.27 was from Sabbath Schools; in addition to this the Treasurer of the Board has received direct from ladies and societies, \$391.90; making a total of \$45,377.85. This money has paid the salaries of thirty-two teachers, has given whole or partial scholarships to more than 300 pupils and has aided in building, repairing and furnishing school supplies to nineteen schools.

The greatest visible work of the year has been the building of Faith Hall at Scotia, Concord, N. C., the Burkeville building at Burkeville, Va., and the Mary Holmes Seminary at Jackson, Miss. The building of Faith Hall was largely accomplished by the ladies of Cincinnati bringing the want of Scotia in a forcible way before the women of the Church. As the result of their zeal and energy the building was completed and dedicated the 17th of March. Contributions were received from every State but two. This building adds greatly to the convenience, comfort and usefulness of Scotia.

It has been a great disappointment to both friends and pupils that the Burkeville building has not been ready for occupancy this school year, but it is now almost completed and when, in October, all gather within its substantial walls and see its adaptation for the work, the trials of patience and the weary waiting will be forgotten. It is to be greatly regretted that, for want of funds, one wing had to be left off, the bricks for which are burned and upon the ground. Even now, if some of the Lord's stewards would give \$5,000, the wing would go up this summer and the house stand complete. In the meantime the school has been carried on at Amelia C. H., although owing to the burning of Ingleside Cottage a very limited number of boarders could be accommodated.

After a careful survey of the field, Jackson, Miss., was selected by the Board as the location of the Mary Holmes Seminary—an institution designed to perpetuate the memory and influence of Mrs. Mary Holmes, of Illinois, a life-long friend of the negro. Wonderful success has crowned the efforts to build this memorial. Her daughter, Miss Mary E. Holmes, Ph. D., has given her time and energy to the work, and as the agent to the Board has supervised it from the beginning. It is due to her skill and untiring labor that this large building will be completed by May 15th and will open its doors to the colored girls of Mississippi, October next—the first gift of Presbyterians, North, to the colored people of that State.

A much needed school building has been put up for the Good Will Parochial School near Mayesville, S. C. The old building, never well adapted to the wants of the school, and become quite unsafe, notwithstanding its numerous props. The money for this building was secured by the efforts of the teachers, who not only gave liberally themselves, but interested personal friends.

The school building at Nottoway C. H., Va., has been en-

largely by the addition of a room, which makes a vast improvement in the order and also the ease with which instruction is given. This money was also raised by the efforts of the teachers and came largely from personal friends.

Haines Normal and Industrial School at Augusta, Ga., has added a nurses' training department to its other industries, which promises to be very useful. Practical work is given the pupils in the hospitals of the city.

Brainerd Institute, Chester, S. C., deserves a larger mention than can be given here. The teachers are doing a noble, self-denying work and their record is on high.

Ferguson Academy at Abbeville, S. C., has suffered somewhat this year from want of scholarships—the hard times making it impossible for many to help themselves, who had hitherto done so. This is also true of many of our schools.

Our school at Oak Hill, Indian Territory, has met with a severe loss in the death of the Principal, Mr. James F. McBride, who was called to a higher service, January 17th. We would feel that this loss was irreparable were it not that we know the work is the Lord's, and even though He calls the workers away He will still carry it on. Our sympathies go out to Mrs. McBride, her family and the school, and we commend them to the loving care of our Father, who is able to make them rejoice even in affliction.

In the unusual amount of religious interest in our schools, the answer to the prayers of God's people is plainly seen. This year has been rendered notable in Mary Allen Seminary, Crockett, Texas, by the organization of a church in connection with the school. During the year much religious feeling has been shown and many conversions reported. Seventeen united with this new church upon profession of their faith; others preferred to join their home churches. Richard Allen Institute, Pine Bluff, Ark., reports ninety conversions, thirty of whom united with our Church.

Cotton Plant Academy, Cotton Plant, Ark., has also been greatly revived and a number were converted. Martinsville, Va., has been wonderfully blessed, also Stuart and Horse Pasture in the same State. It is with real regret that we cannot make *special* mention of all the schools that have received help from the women of the Church. The parochial schools are doing much in reaching the masses. The good they accomplish, although untold, is being

felt throughout the South ; they are more in touch with the people than the boarding schools. The teachers of these schools are generally graduates from our higher institutions or ladies from the North.

Owing to the very low price of cotton and the failure of crops in many districts, there has been an unusual call for clothing during the past year. This has been generously responded to, but the imperfect reports make it impossible to give an accurate statement either of the number or the value of boxes and barrels sent. Some societies gave the value of new articles only, not wishing to receive credit for clothing for which they had no use, although they hoped it would make many needy ones more comfortable. The value of the clothing sent was probably about \$10,000.

During the coming year we hope to see a Boys' Industrial School established in the Indian Territory, the necessity for which can hardly be overestimated. The building for this school has been pledged by the ladies of Indiana, but furnishing will still be needed.

Swift Memorial School at Rogersville, Tenn., so called in honor of Dr. E. E. Swift, who was so widely known throughout our Church, has very inadequate buildings and certainly such as do but little honor to the memory of one who was President of the Board of Missions for Freedmen from the time of its organization as a Committee until his lamented death in 1887. We wish to aid the Board in the new building they contemplate, and have such an one erected as will meet the wants of the school and honor the name it bears.

We would also be glad, with the sanction of the Board, to make some of our chapel-school houses more comfortable. We also desire a larger number of salaries for teachers and more scholarships for worthy pupils.

Remembering the past with gratitude we enter upon another year's work with joy and confidence, feeling assured that "God's greatness flows around our incompleteness. Most gladly therefore we glory in our weaknesses, that the strength of Christ may rest upon us."
